STRONG ARGUMENTS

- Fast Frequency Cut System, 200-400 cuts/min.
- Fingers with ball ends
- Fast replaceable blade
- Perfect cutting quality

The four models in the HL series are powerful hedge trimmers for the regular maintenance of hedges, both in the municipal, residential and agricultural sectors. The special fluted blades leave a smooth cut on the branches.

Branches up to 4 cm in thickness and small twigs are perfectly cut.

CUTTERBAR HL	152	182	212	242
